DRAW YOUR PLAN

Use this template to draw your veg garden plans. The scale is up to you. You could print multiple copies of this page to give you more room for details, or to plan successive sowings

Notes

SOWING SCHEDULE

This is your sowing schedule, where you can note down what you're going to sow when. Each square signifies one week. Remember to think about successive sowing - are there varieties that you want to grow throughout the year? How often to do you need to sow them?

September	1	2	3	4
October	1	2	3	4
November	1	2	3	4
December	1	2	3	4

SOWING SCHEDULE

This is your sowing schedule, where you can note down what you're going to sow when. Each square signifies one week. Remember to think about successive sowing - are there varieties that you want to grow throughout the year? How often to do you need to sow them?

January	1	2	3	4
February	1	2	3	4
March	1	2	3	4
April	1	2	3	4

QUANTITIES

This page is here to help you think about how many plants you're going to sow. Go back to your plan and think about how many plants you're able to fit in, and sow accordingly, with a few extra in case any don't develop or get eaten by pests.

Variety	How many plants do you want to grow ?	How many extra plants to you need?	How many seeds do you need in total?
